by supporting these programs, or contact us to explore other ways you can make a difference.

GET INVOLVED

Join our mission to bring clean water, mental health support, education, and empowerment to underserved communities in Peru.

Every action—big or small—creates lasting change.

WANT TO DO MORE?

Volunteer: Support our programs directly in Peru or remotely from anywhere in the world.

Donate: Fuel sustainable impact—just \$25 provides clean water for two households.

Partner: Collaborate with HOPERU and other organizations to expand reach and multiply results.

Be the Ripple of Hope!

WHY IS CLEAN WATER CRITICAL?

15–25% of those in need still don't receive mental health care, reflecting stigma and resource gaps.

WHY MENTAL HEALTH?

15–25% of those in need still don't receive mental health care, reflecting stigma and resource gaps.

WHY EDUCATION?

School attendance is high (>95% primary, ~87% secondary), but child poverty ($\geq 32\%$) drives shortages in school supplies; with a high amount of dropout

WHY EMPOWERMENT?

Rural women average just 6.6 years of schooling; ~34% are illiterate, and there's a ~28% gender pay gap with limited leadership roles.
