
How Analyzing Rebent Ties into Strategic Organization

Incorporations

My project used the following elements:

- Mission & Vision Alignment
 - Goal Setting & Prioritization
 - Stakeholder Identification & Engagement
 - Resource Planning
 - Continuous Evaluation & Adjustment
-

Methods/ Process

- Created a project roadmap based on defined objectives
 - Identified key stakeholders and conducted interviews/surveys
 - Developed metrics for assessing success
 - Reviewed and adjusted the plan based on feedback
-

Connection to Strategic Organization

By working with Rebent, I was able to understand the effective planning and structured execution that goes into organizational success. The lessons I learned apply to any strategic endeavor, regardless of the industry.
